

As you may have noticed our office and multipurpose area have been updated! Another new change at Terrace Peaks is the entrance to the gym floor; no more climbing up and down the ladder. The new gym entrance is located across from the washrooms through the yellow doorway. The previous entrance to the gym is now the Viewing Area for parents, siblings & other family members. Added to the multipurpose area are lockers for the gymnasts.

- Thank you to Dan Aird of Draw Construction, the Canada 150 Infrastructure Grant and Northern Development Initiative! Without their support this expansion would not have been possible. *Now to begin fundraising for the next phase to expand the gymnastics area!*
